

Cognito Health Announces the Re-Appointment of Marie Royce to U.S. Board of Directors

July 1, 2021 | Phoenix, AZ

Cognito Health announced the re-appointment of Marie Royce to the board of directors. This appointment is effective immediately.

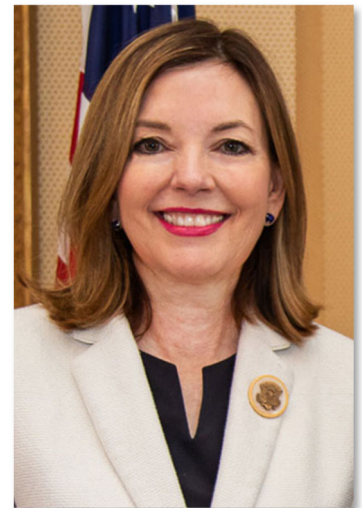

Marie Royce, MBA is a businesswoman, diplomat, and educator. Ms. Royce is the CEO of [Marie Royce LLC](#) and serves on the Board of Cognito Health. She was a Fortune 500 Executive for 25+ years at The Procter & Gamble Company, Marriott International and Nokia/Alcatel-Lucent/Lucent Technologies. Royce, an MBA graduate of Georgetown University, graduated with honors Beta Gamma Sigma in International Business.

“What appeals to me about Cognito Health is their dedication to prevent injuries before they happen and to do so at a cost that allows facilities to protect their entire patient population”, said Ms. Royce. “The founders and the leadership team have built one of the lowest cost, most clinically efficient preventative monitoring systems on the market. I am confident in our future and in our ability to continue to grow and expand our impact.”

Ms. Royce was unanimously confirmed by the United States Senate and sworn in as Assistant Secretary of State, Educational and Cultural Affairs (ECA) on March 30, 2018, and served until January 20, 2021. In her role she managed the Bureau’s largest budget - \$760 million, 674 employees, and a wide range of global programs to advance U.S. foreign policy objectives through educational, professional, cultural, and sports exchanges that promote mutual understanding between the people of the United States and people of other nations. She oversaw the Presidentially-appointed Fulbright Foreign Scholarship Board and the Presidentially-appointed Cultural Property Advisory Committee – CPAC. The Academy of Women Entrepreneur’s (AWE) was created and launched in 80 countries by Ms. Royce. Assistant Secretary Royce held a Top Secret (TSI) clearance. She was also a full-time university professor at California State Polytechnic University, Pomona and is the recipient of the Distinguished Alumni Award and has served as commencement speaker.

“I am confident that Cognito Health will benefit from Ms. Royce’s insights, business acumen and counsel as we continue to grow and deliver strong value to our customers, employees and shareholders, as well as the patients we are dedicated to. I have no doubt her deep knowledge of and experience with domestic and international business will help Cognito realize its full potential as we accelerate global revenue growth.” said Mark Hostak, CEO of Cognito Health.

Ms. Royce’s full bio can be found [here](#).

About the Cognito Health

Cognito Health, formerly MedicusTek®, is an innovative medical device manufacturer dedicated to improving the healthcare environment by increasing value for patients and healthcare systems. With offices in the United States and Taiwan, Cognito Health provides patient safety solutions globally. Founded in 2012 by doctors and engineers from MIT, Harvard, Stanford and Taiwan, Cognito Health’s vision is to integrate technology for safer care environments. Our mission is to provide actionable data to caregivers to help improve patient care and safety while improving care efficiency. Our predictive algorithms provide a data-driven, contact-free approach to continuously monitor and predict adverse events BEFORE they happen.
